Subject: War on Terrorism

Dear Mr. Delahunt,

In the wake of the unprecedented terrorist attacks in New York City and Washington, DC, I encourage you as my representative in Congress, to support or introduce any legislation necessary to allow this country to initiate and execute a total war on all terrorist elements throughout the world, including any states harboring these terrorist elements.

Mr. Delahunt, these terrorists have been at their evil deeds ever since their assault on Israeli athletes at the 1972 Munich Olympic games. They have largely gone unpunished for their activities throughout the years. Now they have perpetuated a hideous act on our own soil. Mr. Delahunt, this act cannot be allowed to go unpunished, and I don't mean a long, drawn-out farce of a legal trial. These people need to be eradicated from the face of the earth much as we would eradicate a virus or a colony of cockroaches. And it needs to be done soon.

There is a precedent in this country for declaring war on specific individuals. We did it against the Barbary Pirates. The CIA and/or FBI maintains a list of known terrorists. I encourage you to introduce legislation formally declaring war on all known terrorists by name, and all terrorist organizations, as well as any states harboring these terrorists.

Lets work together as true Americans to eradicate this evil menace from the face of the Earth. We cannot eliminate just the perpetrators of this single act because to eliminate them would only invite more attacks from the remaining terrorists. WE NEED TO ERADICATE ALL OF THEM.

I again urge you to work with your colleagues in the House to introduce and support legislation aimed at eradicating this menace from the Earth at the soonest possible time.

Yours Truly,
